

Think * Pair * Share

Think about what we just learned in the lesson on moon phases.

Pair up with someone in your group.

Share your thoughts with each other on the following:

Please write your answers to the following questions on a SEPARATE sheet of paper to be turned in.

1. What do you understand about the moon and its phases?
2. What was difficult for you to understand about the moon and its phases?
3. Write down 3 NEW things your pair has learned.
