Note 1: Note: data is collected from the 3M security gates tall, collected daily; figures exclude library staff and deliveries.

Note 2: September and October 2000 figures are estimates.

Note 3: January 2000's figures are low because of a severe snowstorm that closed the College for several days during classes.

Note 4: During FY2002, renovation of the library's main building began, with noise, dust, heat/cooling, and other problems, as well as some portions of the library closed.

Note 5: In September 2003, damages from Hurricane Isabel closed the College (and Swem Library) for 10 days, hence the much lower attendance number for that month.

Note 6: The main building's renovation was completed during the FY2003-04 academic year: the 2nd and 3rd main floors reopened Fall 2003, and the 1st main floor reopened March 2004.
